Harmony in Design, Brilliance in Modularity

Mozart BT-3000 Series

POS Terminal

Mozart BT-3000 Series

A Harmonious Work of Elegance

Posiflex's Mozart BT series achieves harmony in structure, function, and aesthetics. It combines thin, lightweight components with cleverly shaped curves, delivering a sleek, harmonious, and elegant design.

oTP LCD 15.6"

Brilliant Modular Advancements

The Mozart BT series achieves groundbreaking modularity, seamlessly integrating independent components including displays, host, and thermal printer, for enhanced functionality and space optimization. The thermal printer is cleverly integrated into the stand, becoming part of the POS terminal base, or it can operate independently.

User-Friendly Ergonomic Designs

Ergonomic excellence in display design: narrow bezels minimize interference, vertical orientation adapts to trends, adjustable angles ensure user comfort, and peripherals are strategically aligned for enhanced user experience.

Adopting oTP LCD

The 15.6" main screen with oTP technology (typical 400 nits) for vivid colors and high brightness. Both main and secondary screens offer versatile configurations in portrait or landscape mode.

Versatile Accessories

There are versatile accessories including NFC Reader, MSR/ Capacitive FPU(FBI FAP 10, STQC certified & MOSIP-compliant), i-BTN, 2D BCR (discrete/side attached), and detachable printer.

Sleek, Harmonious and Elegant

The Mozart BT series POS terminals boast high-performance computing, a cutting-edge POS, and a user-friendly design. With modular construction, concealed cables, and sleek elegance, they enhance Posiflex's brand identity. The compact footprint makes them ideal for various commercial spaces, such as convenience stores, hospitality, and fashion boutiques. Offering an additional display for advertising playback, the Mozart BT series seamlessly combines elegance, modernity, and functionality for an aesthetic experience.

Supporting Android 13 with EDLA(GMS) or Windows 11 OS

The Mozart BT series POS terminal features the latest operating systems, supporting Android 13 with EDLA(GMS) or Windows 11 OS. Available in RISC and x86 variants, it is powered by up to a 13th-generation Intel® processor.
